UPDATE ON THE .375 DAN WESSON SUPER MAG

The Dan Wesson .375 Super Mag, which is identical to the .357 DW Super Mag. The cartridges shown for comparison purposes are the .357 Super Mag at top, the .375 Super Mag at center and the standard .44 Magnum at bottom.

The Dan Wesson .375 Super Mags are on hand and in stock for immediate delivery **ALONG WITH ALL DIES, BRASS AND BULLETS.**

A great deal of interest is developing in this revolver and the first tests have come in from the field. Several are published in this issue for your interest.

Load data and full details on how to trim brass, etc., are included with each gun.
